

BUSINESS

VERY GOOD

Big Crowd in City—Stores Are Crowded and Merchants Have Splendid Day.

A great big run of cattle, more than 6,000 head. Trade was on the run, never saw business brisker. Scales were busy, could not weigh the cattle as fast as they were sold. Prices strong, the best 800 to 1000 pound steers selling readily at \$8.50, but bulk of sales around 8 cents. Yearlings at \$7.75 to \$8.00. Heifers at \$6.50 to \$7.00. Cows at \$5.50 to \$6.00. Cannons \$4.50. Bulls at \$6.50 to \$7.00. Big crowd at the pens with plenty of buyers and between the buyers and sellers they made things hum. We caught a few sales but quite a number of cattle were sold last Saturday.

SALES

Geo. Halsey sold 27 1000-pound steers to John Vice, of Bath county, at \$8.50. Harry Stafford sold a bunch of 700-pound heifers to Sam Laythrum at 7 cents; Wm. Dale sold 9 1000-pound cows to Sam Laythrum at 6 cents; Mr. Laythrum bought 2 cows and calves at \$180; C. W. Wheeler sold 7 600-pound steers to Felix Swope, of Georgetown, at 8 cents; Wm. Lemaster sold 8 550-pound steers to Isom Osborne at 8 cents; Henry Lemaster sold 10 750-pound steers to Mr. Shropshire at 8 cents; Nelson P. Gay, of Clark county, bought 10 925-pound steers at \$8.50; W. B. Bailey sold 5 750-pound steers to Park Bros. at 8 cents; Same party sold 8 680-pound steers to Ed. R. Prewitt at \$7.75; Sam Keeton sold 20 550-pound heifers to J. W. Royse of Bath county, at 7 cents; Floyd Russell sold 8 750-pound steers to Reze Owings at \$7.75; Wm. Oliver sold 5 500-pound steers to Mr. Booth, of Bourbon county, at \$6.40; Coon Allen sold 7 750-pound steers to Fred Park at 8 cents; Coon Allen sold 20 840-pound steers to Stanley Prewitt and Prewitt Yumeter, of Clark county, at \$8.25, these parties bought 98 head at about the same price on Saturday; Geo. Halsey sold 5 700-pound steers to Wm. Seabee at \$6.75; Frank Lockridge sold a bunch of 400-pound heifers to Mr. Evans, of Bath county, at 7 cents; Wm. Lemaster sold 22 700-pound steers to Prather Bros., of Clark county, at 8 cents; Nelson Gay bought a bunch of 800-pound steers at 7 cents of W. B. Bailey; Lacey & Swango sold 20 900-pound steers at 8 cents; Harry Stafford sold 6 750-pound steers to D. C. Cleve-

CAPT. KINSOLVING MARRIED AT LOUISVILLE SATURDAY

Capt. H. Benton Kinsolving, of the 159th Infantry, stationed at Louisville, but who was born and reared in this city, and Miss Valoise Routt, of Shelbyville, were united in marriage Saturday afternoon in the parlors of the Seelbach Hotel in the presence of only the immediate families of the contracting parties. After the ceremony the happy couple came to this city and spent the week-end with Senator J. Will Clay and family. Capt. and Mrs. Kinsolving will leave shortly for Hattiesburg, Miss.

His bride is a handsome and attractive girl and was exceedingly popular with a large circle of friends both in Shelby and Jefferson counties, where she is widely connected. She is a daughter of Mrs. E. B. Whiteside.

Capt. Kinsolving, who is a son of Mr. and Mrs. H. B. Kinsolving, is one of the finest young men ever reared in this city, a graduate of Virginia Military Institute, by his gentlemanly bearing and affable manner he has always been popular. The Advocate joins friends in extending best wishes.

WINNERS BRED HERE

Easter Cloud, owned by Mrs. Lula Long Combs, of Kansas City, Mo., was declared the winner in the World's Championship five gaited saddle ring at the Kentucky State Fair Saturday night and received first money in the \$10,000 stake. The winner was bred by Mr. John W. Boardman, of this city, and was sold by him as a weanling. He was sired by McDonald Chief and owned at that time by Mr. John S. Wyatt, of this city. Shadowland, the winner of the three gaited championship at the same fair was sired by McDonald Chief and was bred by Bridges Bros., of this county. Shadowland is owned by an Atlanta, Ga. man. We regret that the farmers of the county are giving so little attention to the breeding of fine saddle stock. A few years ago there were a great number of fine stallions in the county but at present we doubt if there is a dozen.

SELLS PLANTATION

Relatives here received a message that Mr. and Mrs. H. R. Bright have sold their plantation at Van Dorn, Ala., for \$49,000.00. Mr. Bright and family have been living there for several years and bought the land when it was cheap. Their many friends here will be glad to learn of their good fortune. It is reported that they will continue to make their home in the South.

CALLED TO THE COLORS

District Board Certifies Names of Draft Quota Who Will Leave Thursday.

The District Board at Lexington on Friday last ordered 40 per cent of the soldiers drafted to be ready to report at Camp Taylor some time this week, which would have taken 35 men. However, on Monday the local board was notified to send 75 white men Thursday afternoon on a special train that will pass through this city at 2:40 o'clock. This the board was unable to do as there were only 41 eligible white men on the certified list, there are however, 23 men who have claims pending before the District Board that have not as yet been determined. The board immediately got out notices ordering the men to report at the office of the board here Wednesday afternoon at four o'clock for instructions preparatory to leaving for Camp Zachary Taylor Thursday.

We trust that our people will turn out Thursday afternoon and show the young men that are going to war that we are with them and that they have our every good wish. Below will be found the list of the men that will go.

PATRIOTIC WEEK

Beginning September 25th and ending September 30th, will be known as Patriotic Week. Addresses have been arranged for at the following places and the public is urged to be present:

Tuesday night—Corinth.
Wednesday night—Grassy Lick.
Thursday night—Somerset.
Friday night—Levee.
Saturday afternoon at 2:30 at the Court House.

Sunday night—All the ministers of every church will deliver patriotic addresses. This meeting is under the auspices of the Woman's Council of National Defense and they will have Dr. J. L. Clark here to instruct the people in the conservation of our food supplies.

WILL BE HERE WEDNESDAY

The engagement of Richard Buhler in the Harvard Prize Play, "Believe Me Xantippe" at Macauley's Theatre, Louisville, last week, has proven so successful that the management of the theatre has already contracted for a return engagement of the popular star and his excellent company again next season. Mr. Buhler and his New York company have been secured for one performance in "Believe Me Xantippe" at the Tabb Theatre on Wednesday, Sept. 19—Night only.

APPOINTED MESS SERGEANT

Mr. Seth Botts, one of the boys recently drafted from this city and stationed at Camp Taylor, Louisville, has been appointed Mess Sergeant. Mr. Botts is a splendid young man and the above news will be gratifying to his many friends.

MOVE TO CITY

Mr. and Mrs. Wm. Ramsey and family have rented the McCormick bungalow on Halt avenue and have moved in from the country. We welcome these excellent people to our city.

There are now only nine cases yet to be decided by the district board on appeals from this county.

PROMINENT MASON DIES

Death Summons Comes to Judge Howard R. French at His Home Last Tuesday Night.

Last Tuesday night, as the result of a hemorrhage Judge Howard Royal French passed from time into eternity. He was past seventy years of age, was a lawyer by profession, had been City Judge of Mt. Sterling, cashier of the Mt. Sterling National Bank and also of the Exchange Bank of Kentucky, Circuit Court Clerk of Montgomery county and Assistant State Auditor of Kentucky. He was a faithful member of Ascension Episcopal church, prominent in Masonry, was Past Grand Master of the State F. & A. M., Past Grand High Priest R. A. M., was president of the board of Old Mason's Home of Kentucky, Grand Secretary of the Grand Chapter of Kentucky R. A. M., and Grand Secretary of the Grand Council.

He is survived by his wife and two sons, James C. French, of Winchester, and Lieutenant William H. French, now stationed at Cambridge, Mass., and one brother, Stephen French, of Louisville.

Funeral was conducted at the church by Rev. Walter Dye and at the grave in Machpelah cemetery under the auspices of the Grand Lodge of Free and Accepted Masons of Kentucky, Grand Master, J. N. Saunders officiating. The honorary pall bearers were his fellow officers of the Grand Lodge of Kentucky Masons.

For some years Judge French had been in declining health but the end came suddenly and was a distinct shock to the entire city, county and state. As a churchman, mason, official, professional man and citizen he was esteemed for real worth. In all his walks, in all the labor of mind and hand nothing could have been said but well done, and his going leaves a void that will not be easily filled.

The very presence of the man was an influence for elevation, for refinement and culture. Men of preference honored him alike with those in the more humble walks. Honest, correct and courageous all men received their dues. Such a man is a real loss, and thus went out the life of Judge H. R. French.

Among the prominent Masons who attended the funeral from a distance were: James N. Saunders, Grand Master; John H. Leathers, Grand Treasurer; Dave Jackson, Grand Secretary; T. W. Penning-

MARRIED IN CLARK COUNTY

Mr. Flemming B. Quisenberry and Miss Dailey Garrett were married at Winchester Saturday afternoon at four o'clock in the parlors of the First Baptist church, Rev. J. S. Wilson, of this city, officiating.

Mr. Quisenberry is a popular and prosperous farmer of that county and an excellent young gentleman. His bride, who is a daughter of Mr. and Mrs. H. G. Garrett, is a lovely and attractive girl. She has often visited in this county and has many friends who will be interested in this announcement.

After the ceremony the happy couple left for a short bridal trip and upon their return will make their home in Winchester. The Advocate extends best wishes to the happy couple.

WILL MOVE DRUG STORE

F. C. Duerson who has conducted a drug store on Court street in this city for the past twenty years, has rented the T. F. Rogers building on Maysville street between the Exchange Bank and Lloyd's Cafe, and will in a few weeks move his store there. Mr. Duerson will go this week to Cincinnati and Louisville where he will buy new fixtures, etc., and after making a few changes in the building will be better prepared than ever to serve his customers. It is his intention to make his store modern in every particular.

GONE TO BINGHAM

Mr. Thomas Grubbs Prewitt, eldest son of Hon. and Mrs. Henry R. Prewitt, left today for Ashville, N. C., to enter Bingham Military School. Tom is one of our finest young men and we are sure will make an excellent record in college.

ANOTHER CHAMPION

Flower Forbes, by J. Malcolm Forbes, the trotting stallion owned by Mr. J. R. Mugowan, of this city, paced a mile in 215 over a half-mile track at Kearney, Neb. Friday. This is the fastest mile a yearling has paced this year and gives J. Malcolm Forbes another champion. This great stallion holds more world's championships than any other sire in the world.

SOIL PREPARATION WILL HELP WHEAT AND RYE YIELD

Special care to place the soil in good condition in preparation for planting wheat and rye will go a long way, says the United States Department of Agriculture, toward assuring the production of the bumper crops of those grains which the Department hopes to see harvested next year.

If winter grains are to be sown on land devoted to similar grains during the preceding season, the land should be plowed as soon as the old crops are removed and occasionally surface cultivated to kill weeds until planting time. The plowing should be to a depth of about 7 inches. Just before planting time the land should be harrowed if fairly moist and free from weeds; otherwise it should be disked and harrowed.

Wheat and rye may follow practically any crop which may be got out of the way in time. Where a choice is possible, however, it is better to have these grains follow a cultivated crop, preferably a leguminous crop such as soy or other beans, or cowpeas. To have them follow corn is a common practice in parts of the corn belt. In the South they may follow cotton and in the southern Great Plains region, the sorghums. In some section farmers find it a good plan to follow potatoes with wheat or rye.

If the wheat and rye follow a cul-

tivated crop which has been kept free from weeds, it is best not to plow the land. The land may simply be disked and harrowed, harrowing to be performed again just before seeding.

Under all conditions drilling is preferable to broadcasting as a method of planting, and if the farmer has no drill of his own, it will be worth while for him, in most cases, to rent one. When a drill is used less seed is required, the seed are covered better and may be planted in contact with moist soil, and a more even stand is obtained.

Fertilizer is used on many wheat farms east of central Kansas and Nebraska, but is used less frequently in growing rye. In growing wheat where fertilizer is used acid phosphate is considered of chief importance. Under present conditions it will hardly pay the farmer to use potash. From 200 to 350 pounds of phosphate to the acre is the usual rate. It is best applied through the drill at planting time.

Lime should be used on land on which wheat is to be grown if acid conditions prevail. The lime or ground limestone may be applied at the rate of 1,000 to 4,000 pounds to the acre with a lime spreader or drill, two or three weeks before planting time.

BIG SHOW COMING

Managers Judy & Gay, learning that Richard Buhler, the former star of Ben Hur, who was playing at Mearnsley's Theatre, Louisville, all last week, had a night open between that city and the Ben Ali Theatre, Lexington, where the company plays Thursday and Friday of this week, got busy on the long distance telephone and by offering a substantial guarantee succeeded in arranging with Mr. Buhler to appear here at The Tabb Theatre for one performance on Wednesday, Sept. 19th, night only.

Mr. Buhler this season is appearing in the Harvard Prize play "Believe Me Zantippe," a comedy by Frederick Ballard, which drew capacity audiences at one of Boston's largest theatres for more than 200 consecutive performances and later at the 39th St. Theatre, New York, for 150 performances. He is surrounded with one of the strongest and highest salaried companies ever taken on tour by any star including Max Von Mitchell, former leading man with Blanche Walsh, John Prescott, for several seasons with Robert Edeson and John Barrymore, Charles Ganfield, formerly with Maudie Adams, and other prominent stars, George Boesel, formerly with Otis Skinner, Carl Norman, for three seasons with Marie Dressler, Tello Webb, formerly with John Barrymore, Margaret Knight, formerly with Margaret Ellington, Rose Mayo, formerly with William H. START DRILLING THIS WEEK

A company headed by Mr. A. B. McLeod and associates of Versailles, began operations in this county for oil last week. The company has secured several hundred acres of leases in the vicinity of Willoughby Mountain, about nine miles from Mt. Sterling, and will sink three test wells on the lands of B. C. Willoughby, which adjoins the mountain. These wells will be put down to a good depth and every effort will be made to make a thorough test of the location before winter time comes. Geologists who have made a thorough investigation and study of the Willoughby field say that that section is the most likely to produce oil of any in this county, as the formation is the same that is now producing some of the richest wells in the State.

Tobacco & Hemp Men Take Notice!

47½ ACRES OF TOBACCO LAND FOR SALE AT PUBLIC AUCTION. I will offer for sale at the Court House door in Mt. Sterling, Ky., at 2:00 o'clock p. m., Saturday, September 29, 1917, the late Will Ed Jones place, consisting of 47½ acres of land, all in Blue Grass, located 8½ miles Southeast of Mt. Sterling on the Stepstone turnpike. Every acre of this land will grow tobacco and hemp, as it has been continually in grass for over half a century. This place is well watered. The improvements consist of a tenant house, a five acre tobacco barn, ice house and all needed outbuildings. New wire fencing all over the place. Mrs. Emily Jones White, Lexington, Ky. 230 Lexington Avenue (10-41)

Crop prospects are not so bad, it seems, and the speculators are taking prompt advantage by hogging everything they can get their clutches on. The poor man will pay the bill.

DOUBLY PROVEN

Mt. Sterling Readers Can No Longer Doubt the Evidence.

This Mt. Sterling citizen testified long ago.

Told of quick relief—of undoubted benefit.

The facts are now confirmed. Such testimony is complete—the evidence conclusive.

It forms convincing proof of merit.

Mrs. G. B. Nelson, 43 Richmond St., Mt. Sterling, says: "Donn's Kidney Pills have been of great benefit to me and if I had not used them I would be still in misery today. I suffered with most every form of kidney trouble. My back ached so it nearly drove me wild. My kidneys did not act right at all. I felt tired and worn out from the slightest work and the least annoyance would worry me and bring on nervous headaches. Donn's Kidney Pills made me feel like a different person." (Statement given February 24, 1908.)

On January 6, 1917, Mrs. Nelson said: "I have had little need of a kidney medicine since Donn's Kidney Pills cured me some years ago. They have never failed to help me whenever I have needed a kidney medicine."

REDUCED RAILROAD RATES

UNITED STATES

LEAST IN DEBT

The national debts of the United States is only \$11.

In view of the fact that a new liberty loan is among the probabilities of the near future, these figures have significance. They teach us that our Uncle Samuel is really rich, a plutocrat, in fact; and not only that, but that he has no poor kin. His children, too, are prosperous and out of debt.

In fact, many of our brothers and cousins are veritable Croesuses. They have been protected and encouraged in the pleasant pursuit of the dollar until their coffers are full to overflowing. Uncle Sam has been to them a most indulgent guardian. He has smiled as they piled up their dollars, asking only that they contribute to his modest needs, and allowing them to keep the lion's share.

The ancient Hebrew gave the title of his increase to the God who prospered the labors of his hands and granted the increase of his herds and his fields. And he thought himself not at all illused at that.

But remember that the Hebrew gave "as the Lord had prospered him." Are Americans going to do as well?

Are the representatives of Big Business ready to give as they have been prospered? Where they have amassed in millions, will they give in proportion? Special stress was laid on the effort to make the last loan a "popular" loan. Those whom the "Lord had prospered" were not importuned.

The next loan is up to the Mil-

sons of an indulgent parent. Will they rise to the occasion and prove that their wealth is in worthy hands?

Big Business, it is up to you. Of what mettle are you made?

Plotters against this country should be given governmental recognition and aid. A nice little plot of their own, about seven feet long, three feet wide and four deep, would be just about the correct thing. A plot for every plotter would have a salutary effect.

Talk little and say much. You will be heard.

Speed up and feed up. You will go farther and live longer.

Nice Residence for Sale

My health being bad, I have decided to break up house-keeping and offer for sale privately by residence property on North Queen street, a short distance from High street, consisting of nice cottage of six rooms, attic and cellar, also front and back porches; every room nicely finished with hardwood floors; entire house fitted for gas for lighting, heating and cooking purposes; grates in two rooms for using coal if desired. Good easter at back door. Barn with three stalls, loft and auto or buggy-room, and other outbuildings. Fine growing garden and abundantly bearing fruit trees, which will be included with property.

Located within short distance of town and close to schools and churches, and will make a nice home for anyone.

AN OBJECT LESSON

A trip through the country near any large marketing center will, if the traveler be an observant person, bring to his attention some facts that it will be well to heed. More especially will he do well to note them carefully if he is a farmer.

One thing that will claim his attention is that in the planting of crops by truck farmers he will observe almost a perfect unanimity in variety throughout a given community. Cabbages and tomatoes, onions and radishes, turnips and green corn, he will find the same variety being grown by all.

If this same man will happen into this same community at the time these crops are being marketed he will see the results of this system. He will see the result of standardi-

zation. He will see products from any number of truck farms assembled in one big shipment, all consigned to the same market, and all of uniform grade and value. Each man knows exactly what his produce is worth, because he knows that it measures up to a given standard.

If these truckers "mixed" their products—that is, had every man planted the variety of any given crop that most appealed to him—this facility in marketing could not have been attained.

Here is food for thought for the regular farmer other than the trucker. The great markets of the world have nicely adjusted standards in all commodities they handle. A shipment of corn, for instance, need not be of any particular variety, but it MUST be all of ONE variety

if the shipper would get the best price.

Now let us carry the lesson a step further. All shippers know that it is easier to get the top price on a shipment of a number of ears of any commodity than on a few hundred bushels. Hence it stands to reason that the more of a given grade of any commodity a community can turn out the more readily it is marketed and the better price it brings.

Farmers would do well to not only establish farm standards, but neighborhood standards as well. Organize your productive plans with a view to systematic and profitable marketing. Get together and decide on the most profitable crops the community is adapted to, and then as to the variety of each. When such an agreement has been reached, much of the difficulty in marketing will have been overcome.

For Rent—Small well improved place 2½ miles from Mt. Sterling until March 1, 1919. Also for sale, 5 acres good tobacco, 10 acres corn and other crops now growing on the place. Possession given at once. Apply at this office. 10-11

Never mind all of this bombastic piffle about "what we are fighting for." Our country is at war and the main thing right now is to get in shape to fight. Piffle and wind won't win battles.

Time was when everybody reached out a greedy hand when the word "draft" was mentioned—but not today.

To the Voters of Montgomery County:

I am a candidate for Assessor of Montgomery county, subject to the voters at the coming November election. I have been nominated as the Republican standard-bearer in this race. Having been a farmer all my life, and a land owner for many years I feel that I am competent to bring to the office the capabilities that it should require. The assessment of values on lands and property under the new Tax Law of the State is now one of the most vital interests to all land owners. I promise, if elected to be fair and impartial in the discharge of the duties of the office, and to assess the properties of this county with equal justice to all, and for the best interests of the county and State. I know from experience the value of lands in every section of the county, and will discharge the duties of the office with the end in view of fixing a fair valuation upon all properties. The office of Assessor should not be one of politics, but should be one of competency. I will make the race strictly upon my merits as to competency and ability to do the work, and will not spend one dollar for a corruption fund or for the use of whisky in the race, preferring to be defeated rather than to have an office that I would have to debauch anyone to secure. If you will feel that I will make a good official, one who will do the work, I solicit and will appreciate your vote and influence. MATT FORD 10-91 pd (Advertisement)

CHAUTAUQUA ENTERTAINERS TO BE SENT TO CANTONMENTS

Owing to inability of the War Department Commission on Training Camp Activities to complete the theaters in various cantonments throughout the country prior to the mobilization of the troops, it has created a new department in training camp activities in the nature of Redpath chautauquus and has appointed Harry P. Harrison, of Chicago, chairman of these activities. The new force will supply the immediate need for entertainment for the soldiers.

Entertainments will be presented by complete light opera companies under lighting effects similar to Broadway theaters. Concert companies, dramatic companies, in short

all forms of wholesome entertainment will be utilized by the Redpath Activities Commission.

The entire project will be run on a cost basis by the commission without profit to anyone. The economies effected by pursuing the chautauqua method of circuiting attractions makes it possible to give the best attractions to soldiers at motion picture prices.

Latest reports from hell are to the effect that the devil refuses admission to price boosters and food hogs, on the ground that their presence would contaminate the other inhabitants.

The dollar is all powerful in all walks of life, the only trouble being that some walks seldom see it.

FREE ROAD WORK

All thinking citizens are agreed that there is not a sufficient sum raised by taxation for road purposes, to adequately, or in fact, even poorly, keep them in repair. Montgomery county has probably five times as much mileage as it has funds to maintain and for years The Advocate has urged farmers and those who get the most direct benefits, to lend a helping hand by doing free hauling of crushed stone, which is much better than knapped stone. This course is working well in a number of counties and is beginning to come into general practice here. In the last month the citizens of the Plum Lick neighborhood (while a crusher was stationed at the far end of the Paris pike) have been spreading a large quantity of crushed stone and as a result this road is in the best condition it has been for many years. The citizens living on the Grassy Lick pike have also been doing much free hauling. This road, however, has been neglected and is yet in a very bad condition and much work will have to be done on it to put it in anything like proper shape. If possible, a crusher ought to be placed in the neighborhood of Grassy Lick, for the purpose.

We must all admit that motor traffic and increased travel in every way, have changed our road problems and if we are to have good roads, we must all help.

Assuming you have seen the new blanks furnished the County Assessor, we now want to ask you, Mr. Real Estate Owner, don't you agree with The Advocate that in a short time you will be paying at least twice as much in taxes on your land to the Frankfort gang?

INTERESTING LETTER

The following letter was received by Mrs. Sophia Randal from her son, William, who is on board one of Uncle Sam's torpedo boat destroyers, and as Mr. Randal is an old Mt. Sterling boy we are sure the letter will be of interest to many friends:

Sunday, Sept. 2, 1917.

My Dearest Mother:

All of your letters and papers are at hand, at least, I take it for granted they are, as I have a letter that arrived this week and a paper came in today's mail. However I am always expectant for more even though I don't get them.

Well "Mom" I haven't any current news for you for the usual reason, but I can tell you about our trip across and back in a very few moments as it was not very interesting or exciting. It did seem good to be at sea again, but even at that a sea going life does not appeal to me in the least so you can be sure that you son won't stay in the navy when this war is over.

Our trip across started from New York July 31, 1917 when we picked up several transports of troops at Tompkinsville and conveyed them almost within sight of the Irish coast. We returned to this country presumably for more and maybe we will get to go over for good, this time.

We were out about twenty six (26) days the entire trip and returned via St. Johns, New Foundland.

We have all played war game in peace times but this is the real thing and of course it was an entirely new experience for all of us. We did not use or wear any whites (uniforms) at all, only dungarees (overalls) and as this is an oil burner, we did not leave a trace of smoke at all. Lights were out at dark, or before, and there was no smoking from dusk to daylight, so you see the ships were in total darkness during the night. We stood watches four on, four off, except the look-outs, who worked in two hour shifts, on account of their eyes. I stood look-out watches and believe me, the first few days of it were mighty hard on one's eyes, but they finally became used to it and with good care and all the sleep we can get we gradually relieved the strain. But even at best "Mom" try the four on, four off, sometime and see how it goes. One has to regulate everything in order to keep in trim.

Then to add to the festivities we encountered a little heavy weather about three days from the Irish coast and we had to eat on the fly as these destroyers are like a cork, they roll and pitch without excuse or reason and it is every man for himself at all times.

We sighted several "subs" but owing to the heavy sea and our alertness they did not tarry long at all. Returning we came by way of St. Johns, N. F. This place is very interesting as one of the world's largest fishing ports, but outside of that one industry it is a minus quantity and an exile from civilization, as you can see by its geographical location. It is English in customs, birth and manner. A vast majority of their merchants are English born and then some are only in business here; still actively living in the old country. But among the native born, they call themselves Canadians and don't hang for this King and Queen stuff and very quickly let one know it too. Their Governor is appointed by the King, but that is to be expected. The U. S. is very highly regarded by them.

The church in St. Johns is one of the most beautiful I have ever been in, of Gothic architecture entirely, an immense structure of stone. The interior, that is rafters, etc., of massive walnut beams. The chancel and altar are larger than all of St. John's in Covington (where I attended) and then some. They have a beautiful organ and the altar itself is beautiful in its simplicity, for a church that could afford so much more than they have. You are aware the church receives a bounty from the Crown. Their service differs slightly from ours but not enough to confuse one at all. The absence of the Processional and Recessional, is very noticeable. The altar is intoned and all prayers also, the minister leading. He will intone to the first complete sentence and the congregation will take the next sentence and so on to the end. The vestments are the same for choir and vestry, but their degree (academic) is practically part of their dress. Instead of a flat stiff stole they use one of a soft silk which hangs well below the surplice; it is very pretty and somehow softens the entire dress. The other denominations are well represented and all have pretty churches too, but one can

readily see our church dominates as there are several of ours and only one of the others.

We left Sunday at noon or one thirty rather, and barely had time to get back to the ships as they had already left the dock when we got back from church.

The entrance to St. Johns is not more than a stone's throw across the channel, it is well nigh impassable when mined. The entire country simply rises out of the sea and before one realizes it the famous "Grand Banks of N. F." are towering above them. The city proper is just inside and at the head and end of the harbor, and then around the hills are the homes of the fishermen. These hills are terraced with rudely built platforms for drying the cod fish on top, and they hang their nets over the ends of the rafters. Steamers are only occasional now since so many have been destroyed by "subs," no mention of arrival or departure dates are ever published in their papers. English Naval Reserves are the only representatives of the navy here, but the soldiers are all being trained for duty on the other side. Uniforms are profuse here. Along the streets and in church one can notice the grim popularity of black; and especially during special prayers—tears.

Believe me, "Mom," it won't be long before you can see and will see, the same thing being enacted in our own country. But it has to be, so we will just have to take a brace and prepare for the very worst, because it isn't very far off.

We had a nice trip down to New York, I received my first pay but had to spend it, practically for necessities in the way of warm clothing and rubber outer garments. I need heavy woolen gloves and socks for my boots, what kind of a knitter are you?

I went to B. F. Keith's Palace Theater once and to the Oriental Strand, the largest moving picture theater in the world, both of them at 47th and Broadway. On my last liberty, went to see "The Spy," an enclosing the program. Have not been around much but there is really so much to see here, one must go about it systematically. At present I have seen only Broadway, that is known the world over as the "Great White Way." The theater district starts about 42nd or 44th street and extends to about 53rd and Broadway. In this district one can see the famous Winter Garden, Ziegfelds Midnight Follies, The Hotel Astor, Rectors, Churchill's, and many other famous places too numerous to mention, but I will try to tell you more and more as I get to see more and become more familiar with everything of interest.

Will have to close now as it is near supper, want to get another letter written this evening. Remember me to "Tink" and the rest of the bunch including that "Goat."

Bushels of love to you home-folks. Write very soon and make it a long letter too. Take good care of yourselves, write soon, love, "Bill."

THE FOOD PLEDGE

The food pledge is making its way very rapidly with the whole American people, but the terrible world emergency behind it has not yet come home to all of us. Living in a land which now has the largest remaining stock of food in the world, we are a little slow to realize that this stock can not possibly be our own to use as we see fit, but must be divided with countries where famine is a constant haunting specter. We live in the midst of plenty this year. But famine is just across the seas, and next year, or two years from now, it may be in our own land unless we can realize the full significance of food saving today and adjust our habits to provide for tomorrow.

Every provision of the food pledge, from wheat to soap fats, has been carefully thought out after detailed study of the world's supply of food today and its probable supplies for several years to come.

Butter must be conserved because the world's stock of edible fats is rapidly diminishing and an increased production can not be secured except by organized effort in the dairy and allied industries extending over several years.

Sugar must be conserved because

there is a serious, immediate shortage.

Every available medium for keeping the food pledge before every man, woman, and child in the United States must be used during the whole period of the war and even for a considerable period afterwards. For this problem of saving food is a responsibility put upon everyone every day. To the individual at the breakfast or dinner table it may seem one of the lesser duties of war. But in the mass it is one of our greatest and most immediate duties. Every publication and every person that aids in the daily work of reminding the American people of this duty renders a true patriotic service.

COLLIS AND BOATRIGHT, EVANGELISTS, AT CHURCH

Revival services at the Christian church, of Mt. Sterling, will commence next Sunday, Sept. 23. Mark Collis, of Lexington, who will be remembered for the wonderful meeting which he held at this church in 1914, will be the evangelist, coming for his first service on Monday night. The people of Mt. Sterling need no introduction to this powerful preacher of the Word. The song leader will be A. L. Boatright, of Paris, Ky. While a stranger here, Mr. Boatright is well known as a musician throughout the State. For years he has been a teacher of music and choir leader. He has led the congregational singing in several State Conventions. He is a splendid soloist, with a tenor voice of rare sweetness and feeling. On Sundays, when Mr. Boatright is compelled to be away, Mrs. Bessie Henry Turley will act as soloist and chorus leader.

Services will commence each night at seven o'clock, the song service continuing for at least a half hour.

Mr. Darsie, the pastor of the church, is planning to commence the meeting on Sunday. The Rally Day session of the Bible School will be held at 9:30 a. m. At the hour of worship—10:45 a. m.—he has a message for every member of the church. The evening service will be evangelistic. Sermon subject: "An Indelible Record." It is hoped that Sunday may be a great day in the church, and may mark the beginning of a great meeting.

Miss Mary Apperson and Mrs. Margaret Gaitskill entertained at Edgeleigh, the beautiful old Apperson home on Apperson Hill last Thursday afternoon in honor of Master Billy Brent Nunnelley and sister, little Miss Margaret Nunnelley. About twenty children were present and the afternoon was pleasantly passed in playing games so much enjoyed by the little folks. Delicious refreshments were served, the tables being spread out in the yard and decorated with the national colors and being surrounded by the smiling, happy faces on the children, it was indeed a most pleasing sight. The afternoon ended all too soon for the assembled guests.

JOHN BARLEYCORN

"So they'll bury him deep, while a few friends weep, and the world moves on with a sigh, and the saintly man'll be forgotten, even as you and I."

They buried old Sir John Barleycorn Saturday night "for the period of the war." By agreement with the Government the manufacturers of "hard liquor" ceased operations at 11 o'clock Saturday night, Sept. 8, every still in the land to remain exactly that until the United States and its allies have finally shattered the Kaiser's dream of world domination.

A few years ago such a proceeding was as far out of the ken of practically all men as the possibility of three-quarters of the population of the globe, beginning a systematic extermination of one another. But it happened. The Food Control bill contained Sir John's death warrant.

"Section 15. That from and after thirty days from the date of the

approval of this act" ran the fatal paragraph of the bill, "no foods, fruits, food materials or feeds shall be used in the production of distilled spirits for beverage purposes," etc.

Old Sir John took not at all kindly to this sharp alteration in his fortunes. He knew a lot of politicians, he had "influence," the old fellow insisted, and, anyway, 11 o'clock at night was no time to summarily take a chap out and shoot him so dead that it will be only by the mightiest effort, say those who know, that he will be restored to animation when peace at last arrives. But, like the inn already behind bars whose lawyers assured him "they can't put you in jail for that," Old John was soon to know that they could do it, and did. Just one more war horror, sighed the old gentleman, and resigned himself for the proverbial last hearty breakfast.

This consisted of taking on the last cent the traffic would bear and telling

the customer, "you'll be darned glad to get it for a dollar a shock pretty soon."

This contention is hardly borne out by the facts. There is in bond in this country 190,000,000 gallons of whisky, worth \$250,000,000. The normal withdrawal from bond is between 8,000,000 and 9,000,000 gallons per month, although during the last forty days an excess of 20,000,000 gallons has been taken out. So it is apparent when it is taken into consideration, that there is also in existence outside of bonded ware-

with LOCAL APPLICATIONS, as they cannot reach the seat of the disease. Catarrh is a blood or constitutional disease, and in order to cure it you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly upon the blood and mucous surface. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in this country for years and is a regular prescription. It is composed of the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of the two ingredients is what produces such wonderful results in curing catarrh. Send for testimonials, free. P. J. CHENEY & CO., Props., Toledo, O. houses many million gallons of unbonded whisky, there is a supply that will last many many months, probably long after the war is over.

So the stage was set for the last, and scene. At 11 o'clock the ribald was singing songs to the effect that he was a good fellow when he had it, and wondering how they can ever make beer and light wine take his place. But the Food Administration was rejoicing, for another leak in the grain resources of the country had been plugged.—Semi-Weekly News.

The government officials tell us that our allies have about reached their limit and that the United States must win the war or face defeat and be overrun by the Germans. Very well; let's do something besides "talk" and "take under advisement."

Our food reformers are doing about everything, it seems, except reform.

Make up your mind now to one thing, brother. The United States will not turn the scales to victory in this war with less than two million men in the trenches—and five million may come nearer the mark. The sooner we face the hard facts and not accordingly the quicker the war will be over and our own men back home again.

PUBLIC SALE

OF

GOOD FARMING AND GRAZING LANDS

As agent for Mr. Rufus Hadden, I will sell at Public Auction, on the premises on the Levee and Kiddville dirt road, in Montgomery county, Ky., on

SATURDAY, SEPT. 29, 1917

at the hour of 10:30 a. m., his farm containing about 256 1-2 acres of land, adjoining the farms of Seth Combs, R. R. Whitsitt, Charles Douglas, J. L. Faulkner and others. The farm will be sold in two parcels, both of which have improvements thereon.

TRACT NUMBER 1—Contains 206 acres of land, and is well fenced both inside and outside. Is watered by Lulbeugrud creek, pond and plenty of springs. Practically 175 acres of this farm is in grass, bluegrass and clover, and it will furnish as good grazing as land that sells for \$150 and upward per acre. On this farm is a 8 room frame residence, front and rear porches, splendid cistern at the door and the house is in excellent repair. There are all kinds of outbuildings in the yard, such as smokehouse, buggy house, coal house, poultry house, etc., and an extra good milk cellar with cement floor and where fruit, vegetables and milk can be kept at all times and they will never freeze. The location of the home is very desirable and draining around the residence is excellent. Yard is large and nicely fenced. There is a good orchard, splendid garden and all fencing on the farm is hog proof and bull tight. There is a 5-acre tobacco barn, a new stable with plenty of room for stock and tobacco, corn crib, and everything that is necessary for a grazing farm or one for agricultural purposes. On this tract of land can be found plenty of tobacco ground to fill the barns each year, with other land for corn, and when it comes to furnishing grass for stock we repeat that it will show as good results as any farm you can buy. On this tract of land will be found 150 to 175 walnut trees, ranging in size from 8 to 12 inches in diameter, and they will rapidly grow into money, and within ten years will be worth almost any amount that you ask for them. This is one of the best farms on which to make a home and lay up some money that one can buy, especially for the purpose of stock raising, and will also pay good interest on the investment.

TRACT NUMBER 2—Contains 50 1/2 acres of land, with about 12 acres in grass and the balance in young grass and corn. This place has on it a new frame house of 6 rooms, new stable and other outbuildings, fine spring within 30 yards of the house, and will make a good home or will pay good interest on the investment.

TERMS—One-third cash; one-third due in one year and one-third due in two years, the deferred payments to bear 6 per cent. interest until paid and will be secured by lien on the lands or the purchaser can pay all cash or as much more than one-third cash if he desires to do so.

Will be glad to show these properties at any time to prospective purchasers. Privilege for seeding tract Number One will be given as soon as crops are taken from the land and full possession will be given within two months or sooner if desired, of the residence. If not sold privately before these lands will be offered under the hammer on Saturday, September 29, 1917.

Now is the opportunity to buy a money making farm at auction. See me at once. Look these properties over.

Time

Merciless Father Time mows down scantly painted buildings. His scythe cuts deep into unprotected boards. He slashes constantly, day and night, all year round. He wins. The buildings lose.

Paint which will blunt the edge of Time's scythe, and be an armor protection for the buildings, is Dutch Boy White-Lead thinned with linseed oil and tinted any color desired.

This paint is all-weatherproof—proof against blistering sun, drenching rain, piercing wind, snow and sleet. It will add long life and beauty to your buildings, and neither crack nor scale.

Come to us for paint materials of the lasting kind and for good advice on painting, for jobs big or little.

HANDS, ARMS, LIMBS ASLEEP

And Was Run-Down, Weak and Nervous, Says Florida Lady.
Five Bottles of Cardui
Made Her Well.

Kathleen, Fla.—Mrs. Dallas Price, of this place, says: "After the birth of my last child...I got very much run-down and weakened, so much that I could hardly do anything at all. I was so awfully nervous that I could scarcely endure the least noise. My condition was getting worse all the time..."

I knew I must have some relief or I would soon be in the bed and in a serious condition for I felt so lousy and was so nervous and weak I could hardly live. My husband asked Dr. about my taking Cardui. He said, 'It's a good medicine, and good for that trouble', so he got me 5 bottles. After about the second bottle I felt greatly improved...before taking it my limbs and hands and arms would go to sleep. After taking it, however, this poor circulation disappeared. My strength came back to me and I was soon on the road to health. After the use of about 5 bottles, I could do all my house-work and attend to my six children besides."

You can feel safe in giving Cardui a thorough trial for your troubles. It contains no harmful or habit-forming drugs, but is composed of mild, vegetable, medicinal ingredients with no bad after-effects. Thousands of women have voluntarily written, telling of the good Cardui has done them. It should help you, too. Try it.

THE SEASON'S TREAT

What is unquestionably the most important theatrical attraction that has or ever will appear in this city has been arranged for Wednesday, Sept. 19th, at The Tabb Theatre. Through a change of route Richard Buhler, the former star of Ben Hur, who played all last week at Macanley's Theatre, Louisville, in the Harvard Prize play, "Believe Me Zantippe," happened to have an open date between there and Lexington, where he appears at the Ben Ali Theatre, Thursday and Friday nights. Managers Judy & Gay took advantage of this opportunity to secure the attraction for one performance at The Tabb Theatre. Wednesday, Sept. 19th. The company comes here direct and intact from Louisville, where they are drawing crowded houses at every performance. The Management guarantees the play will be put on here precisely the same as in that city and that the entire New York scenic production requiring a special 60 foot baggage car for its transportation will be used in its entirety. Mr. Buhler is not only one of the best known stars on the speaking stage but for one year was the most popular star in the Fox Feature Films and the movie fans will have an opportunity of seeing a real movie star in person. He is generally conceded to be one of the handsomest actors either on the stage or screen and is supported by a large cast of well known artists who for several seasons have appeared with the leading stage and screen stars for extended engagements in the principal cities. There will undoubtedly be a very large advance sale of seats and it would be well to secure them in advance as soon as the sale opens.

At Last—A One-Adjustment Cream Separator

BEFORE you buy any cream separator, come in and look at the Primrose. One adjustment is all that is necessary to keep it in perfect operating condition at all times. This adjustment is a simple one for keeping the bowl at the correct height—an adjustment that you or your wife can safely make, whenever it's necessary. The adjustment is made from the outside of the separator by either raising or lowering the bearing containing the hardened steel point, upon which the spindle revolves. A slight turn with a screwdriver, perhaps once a year, does the work. The Primrose is a well-constructed, close-skimming, durable cream separator. It will make a saving of \$10.00 to \$15.00 per cow in your herd every year. It is made in four sizes to separate 350 to 650 pounds of milk per hour, or from about 40 to 98 gallons. Ask for a catalogue giving a complete description, or, come in and look over the Primrose yourself.

TO WIN PROMOTION, MUST PROVE FITNESS

Most of the men in the Army are private soldiers. Their work is of the greatest importance and deserves all the respect and praise which it receives. A great many men in the National Army, however, will be ambitious to rise to higher ranks. They will find plenty of encouragement and of opportunities for promotion.

If you are one of these men, don't allow yourself to forget the fact that you can win promotion only by proving your fitness in each duty intrusted to you. It is a rare case when a man is "jumped" several ranks ahead. As a rule, he climbs from one rank to the next higher rank after having demonstrated in each position his intelligence, honor, and reliability.

Even as a private, you may win advancement to the grade known as first-class privates. About one-fourth of the privates in each company may be given the rating "first-class," which means in substance that they are regarded as skilled and trustworthy soldiers.

From the first-class privates are usually chosen the corporals. These are the squad leaders. They are appointed by the commanding officer of the regiment on the recommendation of the commanding officer of the company. In addition to the regularly appointed corporals each company may have one lance corporal. This is a temporary appointment made by the company commander for the purpose of testing

them to them by authority of the President of the United States. The commissioned officer is thus on quite a different footing from the "noncom" (noncommissioned officer.) He obtains his rank and authority from a higher source. He is treated with respect which is of a different character from that extended to a noncommissioned officer. This is one of the fundamental things in Army organization.

Lowest in rank among the commissioned officers is the second lieutenant. Above him comes the first lieutenant and above him the captain. These are the three "company officers." The captain is ordinarily the commanding officer of a company, while the lieutenants might be described as assistant captains. In the absence or disability of the captain, however, the first lieutenant takes his place and has full command, and in the absence or disability of both the second lieutenant takes the command.

Next above the captain is the major, whose proper command is a battalion. A step higher is the lieutenant colonel and above the colonel, the commanding officer of a regiment. The lieutenant colonel ordinarily assists the colonel and in his absence takes the command. In case both the lieutenant colonel and the colonel are disabled or absent, the senior major takes the command.

Above the colonel is the brigadier general, whose proper command is a brigade. Above the brigadier general is the major general, the highest rank at present held by any officer

the ability of some private whom he is thinking of recommending for permanent appointment. In case the lance corporal does not make a good showing, or for any other reason, he may be returned to the ranks when the commander of the company sees fit.

Next above the corporal in rank comes the sergeant. There are usually 9 to 11 sergeants in a company. Unless a sergeant has some other duty assigned to him, he is normally the leader of a platoon. There are, however, many special duties constantly assigned to sergeants. The first sergeant (in Army slang, the "top sergeant") for example, keeps certain company records, forms the company in ranks, transmits orders from the company commander, and performs many other important tasks. The supply sergeant sees to bringing up supplies of all kinds to the company. The mess sergeant looks after food. The stable sergeant is responsible for the proper care of horses and mules. The color sergeant carries the national or regimental colors. There are many other grades within the rank of sergeant which can not be described here. You will gradually become familiar with them during your army experience.

Sergeants and corporals are known as noncommissioned officers, because they are appointed by their regimental commanding officer. Officers of higher ranks are known as commissioned, since they hold their rank by virtue of a commission is-

of the American Army.

One general, however, serves as Chief of Staff of the Army. As such he supervises all troops and departments of the military service. He in turn reports to the Secretary of War. The Secretary of War in his turn acts under the general direction of the President of the United States, who is the Commander in Chief.

The chain of authority reaches in an unbroken line all the way from the President to the newest recruit. If the President chooses to give an order which in any way affects the recruit, it passes through the Secretary of War, Chief of Staff, major general, brigadier general, colonel, major, captain, sergeant and possibly corporal until the recruit is reached and the order obeyed.

Ordinarily only the most general instructions are issued by the higher officers. The manner in which these instructions shall be carried out is left to the judgment of officers in closer contact with the troops and with a more intimate knowledge of the conditions under which they are working.

MY FLAG

Mine, because I have lived under its protection and enjoyed the rights and liberties of which it is an emblem.

Mine, because I am willing to serve under it in the day of need.

Mine, because I love it enough to face death, if that must be, to help in upholding the sacred principles it enfolds.

Mine, because to keep it stainless I would gladly mingle my blood with the flow that is for the purification and redemption of nations.

Is it your flag, too? Wear it not on your lapel as a badge of patriotism if there be not in your heart the flaming colors of courage and sacrifice, the whiteness of adherence to truth, and right, and the true blue of unswerving loyalty to your country in its highest purposes.

DISPLAYS IN STORE WINDOWS TEACH FOOD CONSERVATION

The United States Food Administration authorizes the following:

Plans are now being perfected for a widespread campaign in visualized publicity to convince the people of the United States of the necessity for food conservation and to show them the best methods of food substitution.

Window displays in the retail stores all over the United States are to be used to tell in the most forceful way possible the aims of the United States Food Administration. The helpful co-operation necessary for the success of this plan is being secured through the various mercantile associations of the country, and the response already received is such as to guarantee the most complete success ever reached by any such plan of publicity and education.

In part this great educational campaign will be conducted in the form of a contest, with prizes for the best window displays, under the supervision of the United Publishers Corporation, as representative of the trade papers of the Nation. The voluntary services of these publications have been secured through Elbridge L. Howe, of the National Retail Dry Goods Association, who is now working in Washington with the Food Administration. The plans perfected have been submitted to the Food Administration. The contest will close October 21.

All displays are to be governed by the briefly defined policy of the Food Administration that our national problem is to feed our allies this winter by sending them as much food as we can of the most concentrated nutritive value in the least shipping space. These foods are wheat, beef, pork, dairy products and sugar.

The success of the plan for this educational campaign does not rest entirely upon the contest idea. Many merchants have said that while they have no desire to participate in the window contest, they are quite willing to make their displays as a patriotic contribution to a cause the importance of which they recognize.

The window displays will be started next week throughout the country.

DON'T DESPOND

The most perilous hour of a person's life is when he is tempted to despond. The man who loses his courage loses all. There is no more hope for him than there is for a dead man. It matters not, however, how much he may be pushed by circumstances if he only keeps his courage up, holds up his head, and with unconquerable will determines to be and to do what becomes a man; all that makes or unmakes. Keep a stiff upper lip. Realize that success or failure depends after all, on you and you alone. A man makes his own bed and must lie in it.

WHAT PUBLICITY DOES

Publicity sells goods, it collects debts, it elects men to public office, it catches criminals and locates missing persons, it makes capitalists of poor men with honest products and paupers of dishonest capitalists; it is the only thing in the world that enables one man to talk to thousands at a nominal cost; it is the staunchest supporter in the world of morality and the most powerful foe of vice.

Publicity properly handled in the trenches of Europe will stop the war.

land, of Cynthia, at \$7.75; Mr. Cleveland bought a carload of 27 head at this price; Steve Little sold 10 425-pound steers to W. E. Little at \$6.75; Walter Davis sold a bunch of 750-pound steers to D. C. Cleveland at \$7.50; Boyd Cundiff sold 10 500-pound heifers to Mr. Meyers, of Bath county, at \$6.25; Geo. Hulse sold 15 750-pound steers to Mr. Kendall, of Harrison county, at 8 cents. Sales continued brisk all day and prices were strong also, very few cattle being left over unsold. HORSES AND MULES

A great many weanling mules on the market but prices did not seem to be high. They sold all the way from \$40 to \$100, according to size and quality. The \$100 mule was a horse mule but was fine. We saw several nice mare mules sell at \$75. The aged mule market was brisk and a goodly number sold at high prices. Small cotton mules at \$140 to \$150. Sugar mules at \$200 to \$225. "Uncle Sam" was buying some heavy mules at \$200 to \$225. There was a demand also for horses and it is about time for this class of stock to be getting higher for, if they do not farmers will quit raising them. The ordinary horse now does not pay for his raising. Army buyers were paying \$125, and some better ones were selling at \$140 to \$150.

PRICES FOR COAL AT RETAIL TO BE FIXED SOON

The Fuel Administration authorizes the following:

Arrangements are rapidly reflecting a conclusion which will enable the Fuel Administration to make an announcement concerning the price of coal at the retail dealers and for small manufacturing plants which have relied upon "spot" coal.

Before the end of the present month prices will be announced. It may be necessary to make them tentative, as in the case of the prices fixed for coal at the mines.

Local committees will be asked to investigate and report upon costs. It is obvious that these will vary considerably between localities and between city and country districts. Care will be taken to include all items which ought to be included, for there is no disposition on the part of the Fuel Administration to deprive the local dealer of his fair measure of profit.

Although there is a shortage of cars and of labor, Mr. Garfield states that by co-operation between Judge Lovett of the Priority Board, the Interstate Commerce Commission, and others, vested with powers over transportation, cars can be had. He, himself, has power to apportion and distribute the coal.

John P. White, president of the United Mine Workers, has accepted Mr. Garfield's invitation to act as one of his advisers.

A CHEER-UP POEM

There's a town called Don't-You-Worry,
On the banks of the River Smile,
Where the Cheer-up and Be-Happy
Blossom sweetly all the while.
Where the Never-Grumble flower
Blooms beside the fragrant Try,
And the Ne'er-Give-Up and Patience
Point their faces to the sky.

In the Valley of Contentment,
In the province of I-Will,
You will find this lively city
At the foot of No-Fret Hill.
There are thoroughfares delightful
In this charming town,
And on every hand are shade trees
Named the Very-Seldom-Frown.

Rustic benches, quite enticing,
You'll find scattered here and there;
And to each a vine is clinging
Called the Frequent-Earnest Prayer.

Everybody there is happy,
And is singing all the while,
In the town of Don't-You-Worry,
On the banks of River Smile.

Montgomery County Court—
September Term, September
18, 1917. Pres. Hon. W. O.
Chenault, County Judge.

This day came R. Marion Ford with a petition signed by twenty citizens and legal voters of the Anron's Run voting precinct of this county and filed said petition in the County Court of Montgomery county, asking the submission of the question whether cattle, or any species thereof shall be permitted to run at large in said voting precinct, and the court being advised, it is now ordered that the officers of election in said Anron's Run voting precinct open a poll at the next regular election held in said precinct for the purpose of ascertaining the will of the voters in said precinct upon the question: "Are you in favor of making it unlawful for cattle or any species thereof to run at large on the public highways and uninclosed lands of Anron's Run precinct?"

A copy attested.
